

## **PUBLIC NOTICE**

**PERMIT APPLICATION NUMBER:** NRS 07.206

**APPLICANT:** Taylor Adams  
Adams Roofing  
249 Bateman Lane  
Loudon, TN 37774  
865-986-2946

**LOCATION:** The proposed alterations are located between Waller Ferry Road and Highway 321 near Lenoir City, TN in Loudon County (35.8478°N, 84.3172°N)

**WATERSHED DESCRIPTION:** The proposed alterations would impact Grubb Creek. The creek is located in the Lower Clinch watershed (HUC # 06010207). The creek at this location is approximately 26 to 30-feet wide with 1:7 and 1:10 side slopes and is approximately 2-feet deep. There is approximately 368-feet of stream channel on the property. Part of the stream flows through an existing 34-inch corrugated metal pipe (CMP). Grubb Creek has not been assessed.

**PROJECT DESCRIPTION:** The applicant proposes to relocate the creek into 374-feet of constructed channel and replace the existing CMP to accommodate a proposed building and loading dock. The constructed channel would have a bottom width of 6-feet and 3:1 side slopes. The channel depth would be 3-feet. The banks and channel bottom would be planted with native grasses. The existing 24-inch CMP would be removed and replaced with 30-feet of 3-30-inch CMPs. In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.

**USGS TOPOGRAPHIC QUADRANGLE:** Lenoir City, TN (130 - SE)

**PERMIT COORDINATOR:** Trent Thomas

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

Tennessee Department of Environment & Conservation  
Division of Water Pollution Control, Natural Resources Section  
7th Floor L & C Annex  
401 Church Street  
Nashville, TN 37243

In deciding whether to issue or deny a permit, the department will consider all comments on record and the requirements of applicable federal and state laws.
